Robert,

Here is what we will propose to the Court. Do you have any objection?

During the testimony of Luis Gomez-Echeverria, you heard questioning about another person in the courtroom that he had a previous relationship with. You may not consider that evidence for anything other than its influence on the witness's demeanor and his ability to testify free of outside influences.

I suggest she strikes that entire line of questioning and instructs the jury to completely disregard it altogether.

I'm not representing her in any capacity so I have no opinion either way.

Good morning,

Do you have a draft limiting instruction to share with us? We should probably have that ready for the Court this morning.

I will note that it appears that Catalina would not be eligible to seek child support in the United States.

Let me know what you want to do so we can move expeditiously this morning.

Thanks,

Kenya
